Purpose-driven.

Grant Thornton LLP is a purpose-driven organization. Each of our talented new Partners and Principals is dedicated to helping our clients, colleagues and communities thrive.

Whether it's advising our clients on how to reach their goals, encouraging our colleagues to achieve their potential, or supporting the communities in which we live and work, each of these exceptional leaders has contributed greatly to our success.

Today, we're very proud to share in their success. Congratulations to all of our new Partners and Principals!
